Product weight: 0.39 kg

Carton weight: 8.33 kg

Carton dimensions: 70cm x 35cm x 14cm

Cartons on a layer: 3

Layers on a palette: 13

Cartons on a pallet: 39

Pallet height: 197cm

Light and handy brush-scraper for removing snow from beech wood with an ergonomic handle that helps to hold the brush. The bristles are made of plastics with appropriately selected softness. The brush has two types of bristles arranged in layers so that it gathers snow well from the cleaned surface, without damaging the car body - bristles: 50% PVC, 50% natural. Does not lose bristles and does not scratch the car body. The scraper is made of durable material that effectively removes ice and frozen snow without scratching the glass.
