Carton weight: 7.93 kg

Carton dimensions: 70cm x 35cm x 14cm

Cartons on a layer: 3

Layers on a palette: 13

Cartons on a pallet: 39

Pallet height: 197cm

A light and handy brush-scraper for clearing snow from beech wood with an interesting ribbed ergonomic handle that helps in holding the brush. The bristles are made of polymer with appropriately selected softness so that they collect snow well from the cleaned surface, while not damaging the car body - the bristles used are: 70% synthetic and 30% natural. The brush does not lose bristles and does not scratch the bodywork. The innovative brass scraper blade effectively removes ice and frozen snow without scratching the glass. Environmentally friendly - plastic elements come from recycling.

- Eco - the first brush-scraper on the market with an original wooden handle

- Brass scraper blade does not scratch the glass
- Possibility to apply a logo
- Hole for hanging on shop hooks
- The product is made of recycled material
- Reserved design
