

## Brush-scraper with brass blade Nice Touch NT 50

**Ref.:** 098482

**EAN:** 5904720098482

**Pieces in the package:** 20 pcs

**Product dimensions:** length: 50cm

**Product weight:** 0.23 kg

**Carton weight:** 5.07 kg

**Carton dimensions:** 70cm x 35cm x 14cm

**Cartons on a layer:** 3

**Layers on a palette:** 13

**Cartons on a pallet:** 39

**Pallet height:** 197cm

A practical brush made of durable material and flexible bristles allows you to effectively get rid of dirt. The brush-scraper is used to easily remove snow, frost and ice from car windows. The scraper is made of high-quality plastic resistant to low temperatures. The innovative brass scraper blade effectively removes ice and frozen snow without scratching the glass. In addition, the new line is distinguished by an interesting design and vivid colors. The brush has a sponge on the handle that substitutes a so-called warm handle in the scraper, increasing the comfort of use. The small size means that it will not take up much space in the trunk of the car.

- Eco
- Scraper with a brass blade that does not scratch the glass
- Nice touch soft handle
- Possible individualization of the product
- Possibility to apply a logo
- Hole for hanging on shop hooks
- The product is made of recycled material
