DEAR SIR OR MADAM !

As a modern leader in the car accessories industry, we focus not only on innovation but above all on relationships.

We treat everyone equally, with due respect and recognition, regardless of whether you are a big or small player, our customer or supplier. By choosing to work with us, you focus on stability, convenience and profit. All this provides the basis for excellent business relationships and the generation of increasing revenues in an easy and convenient way.

We provide a unique atmosphere of trust and cooperation, positively affecting mutual success. We believe in our vision of partner management - we are a team organization. In our company, thanks to this partnership approach to management, we treat ourselves with respect, support, strive for the same goal and inspire each other to creative solutions.

Continuous development and persistent work mean that we are gaining the position of change leader in the car accessories sector. We are proud that we have been awarded the prestigious Business Gazelle award of the Puls Biznesu daily.

The result of our commitment is this catalog presenting the latest offer - including the new product lines Futura Color and Futura Nature, which are not only modern in design, but also FSC certified.

The key to the success of ToM-PaR are people - we are a family company and we value partnership. Our employees bring their commitment and creativity to the company, and clients' ideas and expectations. In return, we promise that we give the very best and a guarantee - we are looking for solutions, not problems!

Yes, we care!

I invite you to cooperation!
